## Implementation steps

2015

2019

2024

### National targets of the RAF

By complying with three main goals of Ministerial declaration for long term we are planning to do general research on target accomplishment of above goals in Mongolia and until 2024 planning to accomplish not completed and incomplete effected targets of CRVS.

Nowadays	By 2024
<b>Goal 1 and 2 - 85 percent performance.</b> /Deficient in registering deaths, particularly cause of death./	At least 99 percent performance.
<b>Goal 3 - 80 percent performance.</b> /Deficient in lack of death registration./  Should comply World's Health Organization standard further.	At least 95 percent performance.

## Activities

### Ongoing/planned activities

**About Political commitment :**

- GASR conducted renewed civil registration in 21 region /aimak/ and 9 districts at it's 486 registration unit , through this work we checked 99.4 percent of adult citizens finger prints and other civil registration details and it became main fundament of accurate registration and digital system of Mongolia.
- To promote citizen and increase the number of birth registration government of Mongolia provides monthly allowance to children under age of 18. And Mongolian government covers cost for health service for children.
- Law on civil registration and Family Law could be approved we believe that there would significant improvement on civil registration system.

First Meeting of the Regional Steering Group on CRVS in Asia and the Pacific 6

- **To create a social commitment:** To reflect citizens opinion into registration activity we are doing research, collecting comments from citizen, organizing discussion, receiving complaint and comments from citizen through call center of Government and GASR. We are planning to implement activities which would maintain information open policy based on this research.
